Pet Backup Care

There for your pets when you can't be

Find and book background-checked pet caregivers for dog walking, boarding, doggy daycare, drop-in care, and more. All backed by our partnership with Rover - the #1 pet care app.

Why provide pet care?

Increased productivity: Whether they are returning to the office part-time, need to travel for business, or are on a variable schedule - pet care can help your employees stay focused at work.

Greater benefit equity & flexibility: Make your care benefits more relevant and equitable for a broader group of employees by ensuring that pet parents enjoy their benefits as much as human parents.

Enhanced value and retention: Help employees see greater value in their benefits package, driving more employee retention

What you get from Rover

- Serves more than **24,000 neighborhoods** with **96% local coverage** across the U.S.
- More than **500,00 pet caregivers** with **97% 5-star reviews**.
- **#1 pet sitting and dog walking app**, offering countless belly rubs since 2011.

Pet Backup Care
Product Overview

Your employees can use their Backup Care days for credits on Rover. Credits can be redeemed for any service, including walks, drop-ins, daycare, overnight care, and more!

Here are some ways your employees can use these pet care services:

- **Needed at the office?:** Book all-day doggy daycare, drop-in care, or dog walking to get pets the attention they need.

- **Traveling for work?:** Find in-home pet sitting or overnight boarding when away from home base.

- **Just need a helping hand?:** Get drop-in care to help with pets when taking on additional shifts or picking up extra hours.

The Growing Need for Pet Care

- *70% of US households have a pet, with 23 million added during the pandemic*

- *68% of Gen Z and 42% of Millennial pet owners plan to utilize dog walkers or daycare when returning to the office*
