MEDICAL / DENTAL / VISION / FLEXIBLE SPENDING ACCOUNT BENEFITS / COBRA

- Your medical, dental and vision coverage for you and any covered dependents will end on the last day of the month in which your employment ends.
- If you or your spouse/domestic partner is under age 65, you may be eligible to continue coverage under COBRA for up to 18 months (up to 29 months if determined to have been disabled at any time during the first 60 days of

COBRA coverage). COBRA allows employees and their covered dependents to purchase continued coverage when it would otherwise end. If you enroll in COBRA, you pay the premium plus a 2% administrative fee.

- To see a preview of your COBRA options and associated costs, follow these steps:
 1. Log in to your personalized benefits account at myaecombenefits.com and select the “Change Your Coverage” tab.
 2. On the next page, scroll down and click “Simulation Options.”
 3. In the drop-down menu, click “What if I Become Eligible for COBRA Coverage.”
 4. Enter the date when you expect to qualify for COBRA coverage and if you expect your address to change. Click the “Continue” button.
 5. You will see a preview of the options, and their cost, that will be available to you on your COBRA start date.
- Continuation of coverage is not automatic. You will receive a COBRA packet from the AECOM Benefits Service Center approximately two to three weeks following your date of termination. Included in this packet will be coverage election instructions, information about the cost to continue coverage and instructions on how to make payments. Contact the Benefits Service Center at 844.779.9567 if you have any questions regarding COBRA following your date of termination.
- You or your dependents must elect to continue coverage within 60 days of receiving the election form or after coverage under the health care plan ends, whichever is later. Once you elect to continue coverage, you will have 45 days to make the first premium payment. Premium payments are due monthly and must be received no later than the 1st of each month in the month for which coverage will be provided. If payment is not made in a timely fashion, coverage will terminate.
- If you are retiring or terminating and will be enrolling in Medicare (if you are age 65 or older), visit the [Social Security Administration](#) for more information.
- If you have a Health Care Flexible Spending Account (FSA), you are eligible to submit claims for expenses incurred up to your date of termination. You have 90 days from the end of the calendar year (i.e. March 31st) to submit a claim for reimbursement of those expenses. If you have unused money in the account and did not incur enough expenses prior to termination, you may elect to continue your Health Care Flexible Spending Account (FSA) through COBRA for the remainder of the calendar year.
- If you have a Dependent Day Care Flexible Spending Account (DC FSA), you are eligible to submit claims for expenses incurred up to your date of termination. You have 90 days from the end of the calendar year (i.e. March 31st) to submit a claim for reimbursement of those expenses. You do not have the option to continue this benefit through COBRA.
- If you have a Health Savings Account (HSA), any amounts in this account are yours to keep and you maintain ownership of this account after termination. If you choose to keep your funds with the AECOM HSA vendor, you will become responsible for any administrative fees associated with your account.

LIFE INSURANCE BENEFIT

Basic, Optional, Spouse/DP and Dependent Child Life Insurance, and Accidental Death & Dismemberment Insurance (AD&D)

- All Life Insurance benefits will end on your last day of employment unless at the date of termination you are on a leave of absence (see bullet two below). You may port or convert the optional life policies, including spouse and dependent optional life, within 60 days from your date of termination. You cannot port basic life insurance as it can only be converted. You will receive a letter from our third-party provider, The Hartford, within 30 days after your date of termination of coverage. Employees who experience termination of coverage will receive instructions on how to port or convert life insurance coverage(s). If you do not receive this Notice to Port or Convert letter, please contact The Hartford’s Customer Service Center at 866.262.7316. You may also reach out to the Portability and Conversion Unit at The Hartford by calling 877.320.0484.
- If you are on Leave of Absence, the “actively at work” rule applies in accordance with Life and AD&D policies. The continuation of coverage is based on leave type and timely payment of premiums through direct bill while on an approved leave of absence. For example, the continuation period for Medical Leave is up to 16 months, Care for family member under FMLA is up to 12 weeks, Military FMLA Leave is up to 26 weeks, Military Leave is up to 12 weeks, and Standby Leave is up to 180 days. At the end of the continuation of coverage, the Hartford will send a Notice to Port or Convert letter to you.

- Conversion allows you to retain the policy for the rest of your life provided you remit timely premiums. Porting life insurance means that you are eligible to maintain the policy up to the age of 75 provided you remit timely premiums.

SHORT-TERM & LONG-TERM DISABILITY INSURANCE (STD & LTD)

- Short-Term and Long-Term Disability insurance coverage will end on your last day of employment.
- If you are receiving benefits at the time your employment ends, you will continue to receive benefits for up to a maximum benefit duration, subject to the required disability tests.
